

Product description

Siedle Scope mobile video call station and cordless landline telephone for the In-Home bus. Comprising a base station, cordless handset and charging tray. Scope unites the worlds of door communication and public network telephony, it is a comfort video in-house telephone and DECT telephone in one.

Performance features

- Exclusive design with high-grade materials and fine workmanship
- High range and excellent speech quality thanks to DECT standard
- ECO mode with reduced transmission output
- Energy-saving line rectifiers (max. 0.5 W no load)
- Range outdoors up to 300 m, indoors up to 50 m
- Video surveillance with digital zoom
- Door call forwarding, e.g. to a mobile phone, also for door calls including door release (PIN-protected)
- Control of house functions such as light, garage door or roller shutters
- Communication between Scope and all other In-Home devices in the same line
- Doormatic
- Upgradable: Up to 8 cordless handsets in parallel
- Compatible with DECT telephones of other makes in compliance with GAP profile
- Operation possible with and without telephone system

Cordless handset performance features

- Individual design concept with six design variants
- Large 5.5 cm colour display, 240 x 320 pixel, illuminated
- Illuminated keypad
- Hands-free function
- Charging cradle with illuminated control buttons (call acceptance and door release)
- 8 ringtones
- Phonebook for 50 entries
- Caller list including date and time
- Last number redial
- Optional menu language setting
- Date and time display
- Signal strength display
- Caller display (clip)
- Li polymer battery
- Battery life on standby up to 100 h
